

Shipbuilding, Refit & Repair

Products & Services

Marine Vessel Construction up to 84m
 Aluminium & Composite Fabrication, Pre-Fabrication Services
 Workshop Area of 5,960m², Hardstand Access up to 75,000m²
 Waterfront Access for Slipping and Docking
 Marine Refit and Repair
 Tefroka Floor Coverings

Capabilities

Aluminium & Composite Vessel Construction
 5-Axis CNC 3D Component Manufacturing
 2-Axis Flat Bed Router
 Design & Project Management
 Mechanical, Electrical, FRP, Metal Fabrication & Cabinetmaking
 Refit & Repair

Discriminators

Lean and Diverse Production Team
 Innovative Project Management
 Commercial & Super Yacht Quality and Technology
 Diversity in Aluminium and Composite Solutions
 Current and Future Build Technologies Knowledge
 Quality Products and Services
 100% Australian Owned

Key Customers

Private Yacht Customer: *84m Aluminium Trimaran*
 Private Yacht Customer: *46m FRP Catamaran*
 Citic Pacific Mining: *20m Crew Transfer Work Boat*
 Matrix Composites: *5-axis CNC 3D Component Manufacturing*
 Tung Hsin Taiwan: *30m Aluminium Fast Ferry*
 NSM (Australia) *Anzac & LHD Class - Tefroka Floor Coverings*
 NSM (Australia) *Anzac Class – Interior Fitout Sustainment*
 Luerssen Australia: *Arafura Class - Aluminium Components*
 ASC: *Collins Class – FRP repairs*
 ASC: *Collins Class – Misc. Interior Fitout tasks*
